4

12V Fill Rite Pump, Filter, Hose & Nozzle

Meridian's NEW Fuel Express FX 430 Trailer is a smaller low cost unit that is ideal for the smaller farmer, rancher, cottage owner, snow removal companies, etc. The wide range of option packages combined with 1,968L fuel capacity gives a customer the ability to choose the trailer that best fits their needs. With the trailer's low-profile design and resultant low centre of gravity, these units track straight and true on any road conditions. The fuel trailers are registered with Transport Canada and carry all of the requirements for the Canadian market.

World Class Quality. Locally Made Relationships.
