

# MERIDIAN<sup>®</sup>

TITAN<sup>™</sup> SR2

- LOW CENTER OF GRAVITY
- UNMATCHED DISCHARGE CAPACITY
- EFFICIENT POSITION CONTROL
- PATENTED BOX GUIDES
- POWDER COAT PAINT

## LOW CENTER OF GRAVITY

Peace of mind in tough terrains.

## PATENTED BOX GUIDES

The patented box guides simplify loading the boxes onto the tender.

## UNMATCHED DISCHARGE CAPACITY

Patented Meridian Cleated Belt transports more seed for higher discharge capacities of up to 21 bushels/min.

## POWDER COAT PAINT

Durable and corrosion resistant extending the life and value of your seed tender.

## EFFICIENT POSITION CONTROL

Easy access switches allowing end user to position the discharge at the planter.
